Admission Rules.

The Bengal Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hills, in the district of Tippera, four miles west of the Comilla railway station, on the Assam-Bengal Railway. The Dacca-Chittagong Trunk Road runs close to the site of the school. It is healthily situated and occupies a picturesque site.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The school, which is ranked as a major institution, is affiliated to the Survey Education Advisory Board, Bengal, for the Survey Final and the Amin Examinations.

4. In addition to the ordinary course, the school trains special students who do not intend to earn their living as Surveyors but wish to receive training in surveying; also candidates for appointment as district kanungos or any Government official rank.

5. The total number of admission to the first year course is limited to 50, of whom not more than 10 may be special students; for the second year course not more than 30 shall be admitted in any one year, and not more than 5 of these may be special students.

6. The full course of instruction extends over two years. The session for the first year course, which corresponds to the Amin standard, begins from the 1st August and terminates on the 31st July of the following year. The session for the second year or the Survey Final course, begins from the re-opening day of the school after the Durga Puja holidays or from such date as may be notified by the Principal, not later than 1st November. The second year course also runs for twelve months. No student shall be admitted, or, in case of reinstatement after removal of his name from the school books, be re-admitted after the expiry of one month from the opening of the session, or from the date of removal of his name, as the case may be.

7. Applications for admission to the first year course must be submitted to the Principal on or before the 30th June. Applications for admission to the second year course must be submitted on or before the 30th September or such other date as may be notified by the Principal. Each application, either for admission to first year or to second year, must be accompanied by a registration fee of Rs. 3, which shall in no case be returned. The fee for Amin Examination is Rs. 15 and for the Survey Final Examination Rs. 25.

The Bengal Survey School is approved for the purposes of Regulation 38 of the Indian Coal Mines Regulations, 1926. 11. Ordinarily candidates will not be admitted to the first year class unless they are under 21 years of age on the 1st January of the year in which the course begins. The limit of age for the candidates seeking admission to second year is below 22. The Director of Industries, Bengal, may make exceptions to this rule.

The restriction of age does not apply in the case of special students. But they should have the minimum educational qualification of regular students.

12. The school has no vacation like other educational institutions, but it remains closed on executive holidays granted by Government.

13. The school was established on a residential basis and the students are required to reside in the hostels attached to the school. The students may live with their parents or approved guardians with the special permission of the Principal; but such permission may be withdrawn at any time.

14. Messes are provided for the Hindu students. Muhammadan students make their own messing arrangements. The Hindu mess shall be entirely self-supporting; the monthly charges are fixed by the Principal from time to time. At present the charge is Rs. 11 per month. No payment shall be accepted after the due date unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month, the defaulting student's name shall be struck off the school books. Such student shall not be re-admitted until he has paid in all arrears together with any fine which may be due from him and a re-admission fee of Rs. 5.

2. Ordinarily students are not granted leave out of the school for more than ten days during a session.

Simla, the 30th May, 1930.

No. 736-S.—The following statement is published for general information:—

A statement by His Excellency the Governor General of the reasons which have moved him in exercise of the powers conferred upon him by section 72 of the Government of India Act to make and promulgate an Ordinance to make provision against certain forms of intimidation under the title of the Prevention of Intimidation Ordinance, 1930.

H. W. EMERSON,
Secy. to the Govt. of India.

STATEMENT.

From the beginning of the civil disobedience movement it has been part of the programme of the Congress to use for various purposes the methods of picketing in order to make their will prevail. At the recent meeting of the Working Committee of the All-India Congress Committee held at Allahabad, resolutions were passed which urged the adoption of such methods on more intensive lines. The information received by my Government makes it plain that activities of this kind are now being pursued in various places in such a manner as gravely to interfere with the liberty of individuals in many directions.

2. The most common object with which picketing and other kinds of molestation and intimidation are being employed is for the purpose of preventing the sale of foreign goods or of liquor. It is no part of the duty of my Government, and certainly it is not their desire, to take steps against any legitimate movements directed to these ends. They are anxious to see the promotion of indigenous Indian Industries, and it is perfectly legitimate for any person, in advocacy of this object, to urge the use of Indian goods to the utmost extent of which Indian industry is capable. Nor have I anything but respect for those who preach the cause of temperance.

But what is not legitimate is for those who desire these ends, proper as they are in themselves, to pursue them by means amounting in effect to intimidation of individuals, and to endeavour to force their views on others, not by argument but by the coercive effect of fear. When resort is had to such methods it becomes necessary for Government to protect the natural freedom of action of those who may wish to sell and those who may wish to buy.

3. Unscrupulous efforts are also being made by the organisers of the civil disobedience movement to bring pressure to bear on Government servants to resign their posts or fail in their duty. The methods employed include, not only various forms of molestation and intimidation, but also definite attempts to use the weapon of boycott against Government servants. Thus it is found that in different parts of the country, not only are the residences of Government servants picketed and they themselves and their relatives subjected to threats of injury to life or property, but organised attempts are made to refuse them necessary supplies, the use of transport and the tenancy of houses. These methods have reached their maximum intensity in Gujerat, but they are also being practised in other parts of the country.

4. In normal circumstances when intimidation is a comparatively rare offence the ordinary law suffices. But when, as now, intimidation in its various forms is carefully organised and constitutes an important part of the programme of a movement designed to paralyse the Government and to coerce the public, it is necessary to see that powers should be adequate to deal rapidly and effectively with a menace to the public liberty. I have accordingly thought it essential to promulgate an Ordinance which is designed to protect the public in

general against molestation and intimidation and to check the boycott of Government servants. These powers will not be used to impede or interfere with the legitimate promotion of any economic movement which has for its object the furtherance of indigenous enterprise, nor will they be exercised in regard to any genuine labour dispute unconnected with political objects. The Ordinance is directed only against certain illegitimate activities which are being organised by the leaders of the civil disobedience movement. It will be withdrawn as soon as those activities cease. The Ordinance, moreover, has been so drafted as to be applied only where the powers are actually required. It will not be applied to any province in which the local Government has not satisfied my Government that the activities of the civil disobedience movement have rendered its application necessary. Further, within a province, the powers to deal with molestation or with the boycott of Government servants will come into force only in those areas in which the local Government considers that the situation necessitates their application. But where the situation so demands, I have no doubt that it is my duty to empower local Governments to give protection to those who merely desire to carry on their lawful business and pursuits without let or hindrance, and to safeguard public servants, as far as may be, against the attempt to deprive them by means of boycott of the ordinary requirements of daily life.

Simla, the 30th May, 1930.

No. 738-S.—The following statement is published for general information :—

A statement by His Excellency the Governor-General of the reasons which have moved him in exercise of the powers conferred upon him by section 72 of the Government of India Act to make and promulgate an Ordinance to make provision against instigation to the refusal of the payment of certain liabilities under the title of the Unlawful Instigation Ordinance, 1930.

H. W. EMERSON,
Secy. to the Govt. of India.

STATEMENT.

At the meeting of the Working Committee of the All-India Congress Committee held recently at Allahabad a resolution was passed to the effect that the time had arrived for the inauguration of a no-tax campaign by non-payment of specified taxes in certain provinces. Previous to the passing of this resolution a movement for the refusal of the payment of land revenue had been started in certain districts of Gujerat in the Bombay Presidency, and attempts had been made in several other provinces to persuade revenue and tax payers to withhold the payment of their liabilities. The decision above referred to clearly contemplates a wide extension of the civil disobedience movement in the shape of an appeal to the masses which must if successful involve grave reactions upon the administration and the stability of the State.

2. The taxes against which the movement is at present aimed are sources of provincial revenue, and their non-payment would deprive Local Governments of a considerable part of the resources on which they depend for the efficient conduct of the reserved and transferred departments. Were the programme of the Congress to meet with any appreciable measure of success, its first result would be to deprive the people of the advantage of the beneficent activities in which Local Governments are now engaged. It is clear, however, that no Government can tolerate the non-payment of its dues and that the Local Governments, confronted with a challenge of this nature, must exercise to the full the powers of realisation with which they are by law invested. The consequences will inevitably be suffering and distress to those who respond to the incitements of the Congress. Thus, both in the interests of the State and of the persons whom it is the design of the Congress to lead astray it is necessary to stop in its initial stages a movement so fraught with dangerous consequences.

3. While the law gives powers to proceed against persons who refuse to discharge their public liabilities, it does not include provisions by which effective action can be taken against those who, for political purposes, mislead and instigate others to their undoing. Having regard to these considerations and to the necessity of firm and prompt action against a movement, the object of which is to bring the administration to a standstill, I have deemed it necessary to promulgate an Ordinance, by which Local Governments may, as the necessity is established, be invested with powers to deal effectively with persons who instigate others to withhold the payment of certain lawful dues. I have thought it proper to include within the purview of the Ordinance certain liabilities (for instance, the rent of agricultural land) which, although not included in the dues which form the present announced object of attack by the Congress, have been mentioned by them from time to time as coming within the scope of the civil disobedience movement and would indeed in many parts of the country form the inevitable object of attack if any movement were initiated to withhold payment of revenue to Government.

4. The powers taken under the Ordinance will not be used by Local Governments to modify their revenue policy or to attentuate in any way the concessions by way of suspensions, remissions or otherwise which it is their practice to grant. Nor will the Ordinance be used indirectly to give assistance to landlords in the normal process of realization of rent or to facilitate enhancement of rent. It will be confined strictly to its declared purpose, namely, to prevent instigation in pursuance of a political movement to refuse payments lawfully due. I trust that in taking measures to check at the outset a movement which is intended to disorganise the administration and which must, if successful, damage the whole economic structure of society, I shall have the support of all those who desire to resist a plain threat to orderly progress and stable government.

IRWIN,

Viceroy and Governor General.

Provided that no building-line shall ordinarily be prescribed for any street laid out and made before the commencement of this Act.

(*2*) Every such notice shall specify a period within which objections will be received ; and a copy of the notice shall be sent by post to every owner of premises abutting on such street who is registered in respect of such premises in the books of the municipality :

Provided that failure or omission to serve such notice on any owner shall not invalidate proceedings under this section.

(*3*) The **Commissioners** shall consider all objections received within the said period, and shall hear any objector who comes forward within such period as they may fix in this behalf, and may then make an order prescribing a building-line or a street alignment, or both a building-line and a street alignment for such public street.

A register or book with plans attached shall be kept by the **Commissioners** showing all public streets in respect of which a building-line or street alignment has been prescribed, and such register shall contain such particulars as to the **Chairman** may appear to be necessary and shall be open to inspection by any person upon payment of such fee as may from time to time be prescribed by the **Commissioners at a meeting.**

(*4*) A building-line shall not be prescribed so as to extend further back than the main front wall of any building (other than a boundary wall) abutting on the street at its widest part.

RESTRICTIONS ON ERECTION OF, ON ADDITION TO, BUILDINGS OR BOUNDARY WALLS WITHIN STREET ALIGNMENT OR BUILDING-LINE.

303. (*1*) No portion of any building or boundary wall shall be erected or added to within a street alignment prescribed under section 302 :

Provided that the **Commissioners** may, in their discretion, permit additions to a building to be made within a street alignment, if such additions merely add to the height of, and rest upon, an existing building or wall, upon the owner of the building executing, if required to do so by the **Commissioners,** an agreement binding himself and his successors in interest—

(*a*) not to claim compensation in the event of the **Commissioners** at any time thereafter calling upon him or such successors, by written notice, to remove any addition made to any building in pursuance of such permission, or any portion thereof, and

(*b*) to pay the expenses of such removal.

(2) If the **Commissioners** refuse to grant the permission applied for to add to any building on the ground that the proposed site falls wholly or in part within a street alignment prescribed under section 302, and if such site, or the portion thereof which falls within such alignment, be not acquired **or an application for acquisition of the same be not submitted before the Land Acquisition Collector** by the **Commissioners** within six months after the date of such refusal, they shall pay reasonable compensation to the owner of the site.

(3) No person shall erect or add to any building between a street alignment and the building-line without first obtaining the permission of the **Commissioners** to do so :

Provided that it shall not be necessary to obtain permission under this sub-section to erect, between a street alignment and the building-line—

(a) a porch or balcony, or

(b) along not more than one-third of the frontage, an outhouse not exceeding fifteen feet in height.

(4) If the **Commissioners** grant permission under sub-section (3), they may require the applicant to execute an agreement in accordance with the proviso to sub-section (1).

after making full compensation to the owner thereof for any direct damage which he may sustain thereby and shall take possession of any land as specified in clause (b) if the owner thereof calls upon them to do so.

(2) Any land taken possession of under sub-section (1) shall forthwith be added to and become part of the said street, and shall vest in the **Commissioners**

Explanation. -The expression "direct damage," as used in sub-section (1) with reference to land, means the market-value of the land taken and the depreciation, if any, in the ordinary market-value of the rest of the land resulting from the area being reduced in size ; but does not include damage due to any particular use to which the owner may allege that he intended to put the land although such use may be injuriously affected by the reduction of the site.

(d) widen, open, enlarge, or otherwise, improve any public street, square or garden.

POWER TO **Commissioners** TO DISPOSE OF A PERMANENTLY CLOSED STREET, SQUARE OR GARDEN.

307. (1) When any public street or part thereof, or any public square or garden is permanently closed under section 306, the **Commissioners** may sell or lease the site of so much of the roadway and foot-path as is no longer required, or the site of the square or garden, as the case may be, making due compensation to, or providing means of access for, any person who may suffer damage by such closing.

(2) In determining such compensation under section 523 **of the Calcutta Municipal Act, 1923**, the court shall make allowance for any benefit accruing to the same premises or any adjacent premises belonging to the same owner from the construction or improvement of any other public street, square or garden, at or about the same time that the public street, square or garden, on account of which the compensation is paid, is closed.

Projected public streets.

PROJECTED PUBLIC STREETS.

308. (1) The **Commissioners** may from time to time prepare schemes and plans of projected public streets, showing the direction of such streets, the street alignment and building-line on each side of them, their intended width, and such other details as may appear desirable.

(2) The width of such projected streets, inclusive of space for foot-paths, shall not be less than **twenty** feet or, in a *bustee*, **twelve** feet :

Provided that—

(a) the **Commissioners** may, for special reasons, reduce the width of any projected street, but not so as to be less than thirty feet or in a *bustee* sixteen feet ; and

(b) this sub-section shall not apply in any case in which the projected street, or any part thereof, runs along an existing street and the **Commissioners** consider it impracticable to widen the street to the extent of forty feet or twenty feet, as the case may be.

PROVISIONS OF SECTIONS 302 AND 303 TO APPLY TO PROJECTED PUBLIC STREETS.

309. The provisions of sections 302 and 303 shall, with all necessary modifications, apply to public streets projected under section 308.

Acquisition of land and buildings.

POWER TO **Commissioners** TO ACQUIRE LAND AND BUILDINGS FOR IMPROVEMENT OF PUBLIC STREETS, SQUARES AND GARDENS.

310. (*1*) The **Commissioners** may acquire—

(*a*) any land required for the purpose of opening, widening, extending or otherwise improving any public street, square or garden, or of making any new public street, square or garden, and

(*b*) the buildings (if any) standing upon such land.

(*2*) The **Commissioners** with the sanction of the Local Government, and after giving due notice of their intention and an opportunity to any objector, who appears within such period as they may fix, to be heard in this connection, may acquire, in addition to any land and buildings acquired under sub-section (*1*), any land outside any proposed street alignment, with the buildings (if any) standing thereupon, which the **Commissioners** may, for any of the purposes mentioned in sub-section (*1*), including the recoupment of the cost or any portion of the cost incurred for any such purposes, consider it expedient to acquire.

Abandonment of acquisition.

ABANDONMENT OF ACQUISITION IN CONSIDERATION OF SPECIAL PAYMENT.

311. (*1*) In any case in which the Local Government have sanctioned the acquisition of land under section 310, sub-section (*2*), the owner of the land, or any person having an interest therein greater than a lease for years having seven years to run, may make an application to the **Commissioners**, requesting that the acquisition of the land be abandoned in consideration of the payment by such person of a fee to be fixed by the **Commissioners** in that behalf.

(*2*) The **Commissioners** shall admit every such application if it reaches them before the time fixed by the Collector under section 9 of the Land Acquisition Act, 1894 (I of 1894), for making claims in reference to the land :

Provided that unless the application is made by all the persons who have an interest in the land greater than a lease for years having seven years to run, the application shall not be deemed to be admitted unless the person applying undertakes to pay in one instalment the full fee payable under sub-section (*3*) and thereafter pays such fee.

Explanation.—A mortgagee shall not be deemed to be a person having an interest in the land greater than a lease for years having seven years to run.

(*3*) If the **Commissioners** decide to admit any such application, they shall forthwith inform the Collector, and the Collector shall thereupon stay proceedings for the acquisition of the land, for such period as the **Commissioners** may request, and the **Commissioners** shall proceed to fix a fee in consideration of which the acquisition of the land may be abandoned.

(*4*) In fixing the fee to be paid in consideration of the abandonment of the acquisition of the land the **Commissioners** shall, so far as to them may appear to be practicable, fix a sum which in their opinion represents two-thirds of the increment in the value of the land, which will in their opinion accrue to that land as a result of the improvements effected in the locality by the scheme for the purposes of which the acquisition has been sanctioned.

(*5*) Such fee shall be and remain a charge on the land, in respect of which it has been fixed, until the repayment thereof with interest in the manner hereinafter provided and shall be payable by the applicant on or before a date to be fixed by the **Commissioners** in this behalf ; and such date shall not be less than four years from the publication of the notification under section 6 of the Land Acquisition Act, 1894 (I of 1894), nor shall such date be a date before that on which the scheme is declared by the **Commissioners** to be completed in so far as it affects such land.

(*6*) Before the date so fixed, the person from whom the **Commissioners** have arranged to accept the said fee, may, if the **Commissioners** are satisfied that the security offered by him is sufficient, execute an agreement with the **Commissioners** either—

(*i*) to leave the said fee outstanding as a charge on his interest in the land, subject to the payment in perpetuity of interest at a rate not exceeding seven *per cent. per annum*, the said interest to run from the date fixed under sub-section (*5*), or

(*ii*) to pay the said fee by such number of equal yearly or half-yearly instalments of principal or of principal and interest, as may be approved by the **Commissioners**, interest in both cases being calculated at a rate not exceeding seven *per cent. per annum* on the amount outstanding.

(*7*) When the said fee has been paid on or before the date fixed under sub-section (*5*), or when an agreement has been executed in pursuance of sub-section (*6*) in respect of any land, the proceedings for the acquisition of the land shall be deemed to be abandoned.

(*8*) If the said fee be not paid on or before the date fixed under sub-section (*5*), the Collector shall then proceed to acquire the land.

(*9*) If any sum payable under an agreement executed in pursuance of sub-section (*6*) be not paid on the date on which it is due, or on such later date as the **Commissioners** may in their discretion fix in this behalf, so much of the fee fixed by the **Commissioners** under sub-section (*3*) as is still unpaid, shall be payable on that date, in addition to the said sum.

(*10*) At any time after an agreement has been executed in pursuance of clause (*i*) of sub-section (*6*) any person may pay off the balance outstanding of the charge created thereby, with interest due, if any, at a rate not exceeding seven *per cent. per annum*, up to the date of such payment.

RECOVERY OF MONEY PAYABLE IN PURSUANCE OF SECTION 311.

312. When an agreement has been executed by any person in pursuance of section 311, sub-section (*6*), in respect of any land, and any money payable in pursuance of that section is not duly paid, the same shall be recoverable by the **Commissioners** (together with interest up to the date of realization, at a rate not exceeding seven *per cent. per annum*), under **these** provisions ;

and, if not so recovered, the **Commissioners** may, after giving public notice of their intention to do so, and not less than one month after the publication of such notice, sell the interest of the said person or successor in such land by public auction, and may deduct the said money and the expenses of the sale from the proceeds of the sale, and shall pay the balance (if any) to the defaulter.

AGREEMENT OR PAYMENT UNDER SECTION 311 NOT TO BAR ACQUISITION UNDER A FRESH DECLARATION.

313. If any land in respect of which an agreement has been executed, or a payment has been accepted, in pursuance of section 311, sub-section (*6*), be subsequently required for any of the purposes of **the Bengal Municipal Act, 1884, or the Calcutta Municipal Act, 1923, as in force in the town of Howrah,** the agreement or payment shall not be deemed to prevent the acquisition of the land in pursuance of a fresh declaration published under section 6 of the Land Acquisition Act, 1894.

Special provisions as to private streets.

MAKING OF NEW PRIVATE STREETS.

314. (*1*) Any person intending to make or lay out a new private street shall send to the **Commissioners** a written notice, with plans and sections showing the following particulars of the proposed street, namely :—

(*a*) the level, width and alignment thereof, and

(*b*) the arrangements to be made for levelling paving, metalling, flagging, channelling, sewering, draining and lighting the street.

(*2*) The provisions of **the Calcutta Municipal Act, 1923, as in force in the town of Howrah** as to the width of public streets and the height of buildings abutting thereon, and as to projected public streets, shall respectively apply in the case of streets referred to in sub-section (*1*) ; and all the particulars referred to in that sub-section shall be subject to approval by the **Commissioners :**

Provided that the **Commissioners** may allow a private street to be made or laid out of a width less than forty feet but not less than twenty feet, and, if the street is less than two hundred feet in length, the maximum width of such street may ordinarily be taken to be thirty feet instead of forty feet.

(*3*) Within ninety days after the receipt of any notice under sub-section (*1*), the **Commissioners** shall either sanction the making of the street, or disallow it, or ask for further information with respect to such street.

(*4*) Such sanction may be refused—

(*i*) if the proposed street would conflict with any arrangements which have been made or which are in the opinion of the **Commissioners** likely to be made within a reasonable period, for carrying out any general scheme of street improvement, or

(*ii*) if the proposed street does not conform to the provisions referred to in sub-section (*2*), or

(*iii*) if the proposed street is not designed so as to connect at one end with a street which is already open.

(*5*) If further information is asked for under sub-section (*3*), no steps shall be taken to make or lay out the street until orders have been passed upon receipt of such information, and such orders shall be passed within ninety days of the receipt of such further information.

(*6*) If within ninety days after the receipt of any notice under sub-section (*1*), or within ninety days after the receipt of any further information asked for under sub-section (*3*), the **Commissioners** have not refused sanction to the making of the private street, it shall be deemed that sanction to the same has been granted.

PROHIBITION OF BREACH OF SECTION 314.

315. Except as provided in sub-section (*6*) of section 314, no person shall make or lay out any street referred to in sub-section (*1*) of that section—

(*a*) until he has obtained the sanction of the **Commissioners** under that section, or

(*b*) in contravention of any orders made thereunder.

ALTERATION OR DEMOLITION OF STREET MADE IN BREACH OF SECTION 314.

316. (*1*) If any person makes or lays out any street referred to in section 314, sub-section (*1*), without having obtained the sanction of the **Commissioners** under that section, or in contravention of any orders made thereunder, they may, whether or not the offender be prosecuted **hereunder,** by written notice—

(*a*) require the offender to show sufficient cause, by a written statement signed by him and sent to the **Commissioners** on or before such day as may be specified in the notice, why such street should not be altered to their satisfaction or, if such alteration be impracticable, why such street should not be demolished, or

(*b*) require the offender to appear before them, either personally or by a duly authorized agent, on such day and at such time and place as may be specified in the notice, and show cause as aforesaid.

(*2*) If any person on whom such notice is served fails to show sufficient cause, to the satisfaction of the **Commissioners,** why such street should not be so altered or demolished, they may cause the street to be so altered or demolished, and the expenses thereof shall be paid by such person.

LEVELLING, ETC., OF PRIVATE STREETS.

317. (*1*) If any private street or any part thereof be not levelled, paved, metalled, flagged, channelled, sewered, drained and lighted to the satisfaction of the **Commissioners,** they may, by written notice to the owner of such private street or the respective owners of the land fronting, adjoining or abutting upon such street or part, as the case may be, from time to time require them to level, pave, metal, flag, channel, sewer, drain and light such street or part.

(*2*) If such notice be not complied with and the **Commissioners** under section 510, sub-section (*2*) **of the Calcutta Municipal Act, 1923,** execute the works mentioned or referred to therein, the expenses thereby incurred shall be paid by the owner of such private street or the owners in default, in such proportion as may be settled—

(*a*) by the **Commissioners,** or,

(*b*) in case of dispute, by the Court under section 523 **of the Calcutta Municipal Act, 1923.**

POWER TO **Commissioners** TO TAKE OVER PRIVATE STREETS.

318. If any private street which conforms to the provisions referred to in section 314, sub-section (*2*), be levelled, paved, metalled, flagged, channelled, sewered, drained and lighted to the satisfaction of the **Commissioners** and if a majority of—

(*a*) the owners of land or buildings in such street, or

(*b*) the owners of the street, or

(*c*) the owners who have paid the expenses referred to in section 317, sub-section (*2*),

signify in writing their consent thereto, the **Commissioners** shall declare the same, by written notice put up in any part of such street, to be a public street, and thereupon the same shall become a public street and shall vest in the **Commissioners :**

Provided that, where a private street has been in existence for not less than thirty years and is used by the people of the locality as a thoroughfare, the **Commissioners** may declare such street to be a public street even though it does not strictly comply with the provisions of this chapter, if—

(*a*) the owners of lands and buildings in such street, or

(*b*) the owners of the street,

signify in writing their consent thereto.

(*3*) Every such license shall be for a renewable period of three years.

RULES FOR GUIDANCE OF LICENSED BUILDING SURVEYORS.

322. (*1*) The **Commissioners** may make rules for the guidance of licensed building surveyors, and a copy of all such rules, for the time being in force, shall be written on the back of every license granted under section 321.

(*2*) The **Commissioners** may from time to time prescribe a scale of fees of licensed building surveyors in respect of any class of buildings, to be made applicable in the absence of a written contract to the contrary.

POWER TO **Commissioners** TO DECLINE PLANS, ETC., MADE BY PERSONS OTHER THAN LICENSED BUILDING SURVEYORS.

323. The **Commissioners** may decline to accept any plan, elevation or section, submitted with any application for permission to erect a new building, unless such plan, elevation or section has been prepared by, and bears the signature of, a licensed building surveyor.

347. When any improvements required by a notice under section 346 are carried out by the **Commissioners** under section 510 **[of the Calcutta Municipal Act, 1923,** all expenses incurred thereby including such reasonable compensation as the **Commissioners** may think fit to pay to the owners or occupiers of huts removed,

shall be paid by the owner of the *bustee* to the **Commissioners** and shall constitute a charge upon such *bustee* :

Provided that, if it appears to the **Commissioners** that any such owner is unable, by reason of poverty, to pay such expenses or any portion thereof, in the case of expenses relating to work which should in the opinion of the **Commissioners** have been done by the owners or occupiers of huts within the *bustee*, they may order the same or any portion thereof to be paid out of the Municipal Fund, and in the case of expenses which should be paid by the owner of the *bustee*, they may order the same or any portion thereof to be advanced out of the Municipal Fund, but thereafter to constitute a charge upon such *bustee*.

(*2*) When any such resolution has been passed, the **Commissioners** shall make a plan for the improvement of the said *bustee* or portion thereof, together with such estimates as may be necessary for a due understanding of the same, and may then purchase or acquire the said *bustee* or portion thereof, and such plan shall be deemed to be the standard plan of the *bustee*.

Provided that, if in the standard plan any street or passage is shown on such land, the provisions of sections 343, 346, 350, 354 356 and 357 shall, with all necessary modifications, be deemed to apply to such street or passage unless the **Commissioners** otherwise direct.

(*5*) If, after all the huts standing on any land have been removed under sub-section (*3*), any application is received for erecting any hut on such land, the **Commissioners** may, by written notice, require the owner of the land to carry out such improvements included in the standard plan as they may think fit.

(*6*) When all the huts standing on any land within a *bustee* have been removed under sub-section (*3*), the **Commissioners** may either—

(*a*) cancel the standard plan (if any) already approved, under this chapter, for such *bustee*, or

(*b*) modify such plan, after hearing the objections (if any) of any owner of land included in such *bustee*.

(*7*) Where any land, formerly included in a *bustee*, ceases to be so included, and where any street or passage was shown on such land in the standard plan and where on such land ceasing to be so included the **Commissioners** do not consider it to be practicable or do not consider it to be expedient to change the alignment of such street, they shall, in applying the proviso to sub-section (*4*) to such street, compensate the owner of such land for any area that is included in such street which is in excess of one-seventh of the entire area of the land which ceases to be included in the *bustee*.

Bustee streets.

POWER TO **Commissioners** TO PRESCRIBE ALIGNMENTS FOR *bustee* STREETS.

360. (*1*) In any *bustee* in respect of which a standard plan has not been prepared, or in any area in which it appears to the **Commissioners** that huts are likely to be erected, the **Commissioners** may, after hearing the objections, if any, of any owner of land in such *bustee*, prescribe alignments, not more than sixteen feet in width, for such private streets as they may think fit.

(*2*) When the land within such *bustee* or area is owned by more owners than one, each owning one or more separate plots of such land, such alignments shall, as far as practicable, be so prescribed as not to occupy, within any such plot, more than one-fifth of the area thereof and shall not ordinarily be less than two hundred and fifty feet apart.

(*3*) If, in any such plot, more than one-fifth of the area thereof is occupied by such alignments, the **Commissioners** shall pay reasonable compensation to the owner of the plot:

Provided that no such compensation shall be paid in respect of any such plot as long as any hut or other structure other than a masonry building is left standing within any such alignment in the plot.

(*4*) No hut or portion of a hut shall be erected within any alignment prescribed under sub-section (*1*).

(*5*) The provisions of section 354, shall, with all necessary modifications, be deemed to apply to every street the alignment for which has been prescribed under this section.

POWER TO **Commissioners** TO REQUIRE REMOVAL OF EXISTING HUTS WITHIN STREET OR HUT ALIGNMENT IN *bustee*.

361. (*1*) In any *bustee*, at any time after the expiration of seven years from the time when any alignment has been prescribed—

(*a*) for a street under section 360, or

(*b*) for huts, under rule 66 of Schedule XVII,

the **Commissioners** may, by written notice, require the owner of the land or the owners or occupiers of existing huts to remove such huts or portions thereof as fall—

(*i*) within any such prescribed street alignment, or

(*ii*) within six feet on either side of any such prescribed hut alignment,

as the case may be.

(*2*) When a hut has been removed under the provisions of sub-section (*1*), the **Commissioners** shall pay to the owner thereof such compensation as they may consider to be reasonable, but such compensation shall in no case exceed the value of the hut less the value of the materials thereof.

POWER TO **Commissioners** TO REQUIRE SPACE TO BE KEPT BETWEEN MASONARY BUILDING IN *bustee* AND CENTRE LINE OF *bustee* STREET.

362. Any person who erects a masonry building—

(*a*) in any *bustee* in respect of which a standard plan has been approved under section 338, 349 or 345, or

(*b*) in any *bustee* or area in respect of which alignments for streets have been prescribed under section 360,

shall, if so required by written notice issued by the **Commissioners**, leave a clear space of fifteen feet between the centre line of any street or passage shown in such plan, or of any street the alignment for which has been so prescribed, as the case may be, and the nearest part of such building.

Chapter XXIII.—Demolition, alteration and stopping of unlawful work.

DEMOLITION OR ALTERATION OF BUILDING WORK UNLAWFULLY COMMENCED, CARRIED ON OR COMPLETED.

363. (*1*) If the **Commissioners** are satisfied—

(*1*) that the erection of any new building—

(*a*) has been commenced without obtaining the written permission of the **Commissioners**, or

(*b*) is being carried on or has been completed otherwise than in accordance with the particulars on which such permission was based, or

(*c*) is being carried on or has been completed in breach of any **of these provisions** or in any rules or by-laws made or of any direction or requisition lawfully given or made **hereunder** or under such rules or by-laws, or

(*2*) that any alteration of, or addition to, any building or any other work made or done for any purpose in, to or upon any building, has been commenced or is being carried on or has been completed

in breach of, or otherwise than in accordance with, any sanction granted under section 330, 340 or 341, or

(3) that any alterations required by any notice issued under rule 22 of Schedule XVII have not been duly made,

they may, after giving the owner of such building an opportunity of being heard, apply to a Magistrate, and such Magistrate may make an order directing that such erection, alteration, addition or other work, as the case may be, or so much thereof as has been executed unlawfully as mentioned in clause (1), (2) or (3),

or that any structure, specified under the *Explanation* to clause (*d*) of rule 53, or the *Explanation* to clause (*iv*) of rule 81, of Schedule XVII as a structure to be demolished or altered, shall—

(*i*) be demolished by the owner thereof or altered by him in accordance with the order of the Magistrate to the satisfaction of the **Commissioners**, as the case may require, or

(*ii*) be demolished or altered by the **Commissioners** at the expense of the said owner :

Provided that the Magistrate—

(*a*) shall not make any order under this section without giving the owner and occupier of the building to be so demolished or altered full opportunity of adducing evidence and of being heard in his defence, and

(*b*) may make any such order notwithstanding the fact that a valuation of such building has been made under Chapter X for the assessment of the consolidated rate :

Provided that where the **Commissioners** have instituted proceedings under section 493, no application shall be made under this section.

(2) Notwithstanding anything contained in sub-section (*1*), no proceedings shall be instituted thereunder in respect of any work which has been done more than five years before the institution of such proceedings :

Provided that the onus of proving that the work was done more than five years previously shall lie on the owner.

DEMOLITION OR ALTERATION OF WORK IN OTHER CASES.

(*3*) if any person who makes any additions to a building in pursuance of an agreement executed under the proviso to sub-section (*1*) of section 303, fails to remove such additions when called upon by the **Commissioners** to do so, or

(*4*) if the owner of any building erected or added to under the provisions of section 309 fails to remove such building or addition when called upon to do so, or

(*7*) if, within the period prescribed in any notice issued under rule 2, sub-rule (*5*), of Schedule XVI, requiring the owner or occupier of a building to comply with any condition on which the erection of any verandah or other projection was permitted, such condition is not complied with, or

(*8*) if, within the period prescribed in any notice issued under rule 2, sub-rule (*6*), of Schedule XVI, requiring the owner or occupier of a building to remove a verandah or other projection, the same be not duly removed, or

(*9*) if, within the period prescribed in any notice issued under rule 7, sub-rule (*2*), of Schedule XVII requiring the owner of a building to remove or alter an external roof or wall made of inflammable material, the same be not duly removed or altered, or

(*10*) if any owners or occupiers neglect to execute any works or to take any measures required by any notice affixed under rule 6, sub-rule (*1*), of Schedule XVIII,

the **Commissioners** may apply to a Magistrate, and such Magistrate may make an order directing that the projection, building, block of buildings, verandah, platform, fixture, additions, roof, wall, privy or urinal, as the case may be, shall—

Provided that, before making such application the **Commissioners** shall give the owner or occupier an opportunity of being heard on his behalf :

Provided also that the Magistrate—

(*i*) shall not make any order under this section without giving the owner and occupier of the structure to be so demolished or altered full opportunity of adducing evidence and of being heard in his defence, and

(*ii*) may make any such order notwithstanding the fact that a valuation of such building has been made under Chapter X for the assessment of the consolidated rate :

Provided also that where the **Commissioners** have instituted proceedings under section 493, no application shall be made under this section.

365. (*1*) In any case in which the erection of a new building, or any other work referred to in section 363, has been commenced, or is being carried on unlawfully as mentioned in that section, the **Commissioners** may, by written notice, require the person carrying on such erection or other unlawful work to stop the same, pending the decision of a Magistrate on an application to be made to him under that section.

(2) If any notice issued under sub-section (*1*) is not duly complied with, the **Commissioners** may, with the assistance of the police, if necessary, take such steps as they may deem needful in order to stop the continuance of the unlawful work.

(*3*) If it appears to the **Commissioners** that it is necessary, in order to prevent the continuation of the unlawful work, to depute any police or municipal officer to watch the premises, they may require the person to whom the said notice was addressed to bear the cost of providing the same.

(*4*) Pending the decision of the Magistrate in accordance with sub-section (*1*), the **Commissioners** may bear the person concerned and thereupon determine whether their order for stopping the work shall remain in force or shall be suspended until the Magistrate makes his decision.

SCHEDULE XVII.

RULES AS TO THE USE OF BUILDING-SITES AND THE EXECUTION OF BUILDING-WORK.

[*See sections 319, 330, 331, 363 and 364.*]

Part I.—Building-sites.

CONDITIONS AS TO USE OF BUILDING-SITES.

1. No piece of land shall be used as a site for the erection of a building—

(*1*) if the building is to abut on a street, unless the site is of such a shape that the face of the building can be made parallel to the line of the street, or as nearly parallel to the said line as the **Commissioners** may consider practicable ; and

(*2*) if the site is within thirty feet of a tank, unless the owner takes, or satisfies the **Commissioners** that he will take such order as will prevent any risk of the drainage of the building passing into the tank ; and,

(*3*) if the site is a filled up tank, or has been filled up with, or used for depositing rubbish, offensive, matter or sewage, unless the **Commissioners** have caused the site to be examined and granted a certificate to the effect that it is, from sanitary and engineering points of view, fit to be built upon ; and,

(*4*) if the building to be erected is a public building, a dwelling-house or a hut intended for human habitation, unless the site is certified by the **Commissioners** to be dry, and well-drained, or unless the **Commissioners** are satisfied that it is capable of being well-drained and that the owner will take the necessary steps to drain it.

CERTIFICATE AS TO CORRECTNESS OF PLANS OF A PREVIOUSLY EXISTING BUILDING AND FEES THEREFOR.

2. (*1*) Any person who intends to erect any building upon a site on which a building has been previously erected, whether before or after the **date on which these provisions come into force in the town of Howrah,** may, before commencing to erect his intended building, cause to be prepared plans showing the extent of the previously existing building in its several parts (or, in the event of such building having been taken down before the **date on which these provisions come into force in the town of Howrah,** or having been accidentally destroyed, the best plans available under all the circumstances of the case), and may cause such plans to be submitted to the **Commissioners** who shall (if reasonably satisfied with the evidence of their accuracy) certify the same ; and such certificate shall for the purposes of these rules be taken to be conclusive evidence of the correctness of the plans.

(*2*) The **Commissioners** when granting a certificate under this rule, may charge such fees, not exceeding ten rupees for any one building, as they may think fit.

Part II.—Buildings generally.

HEIGHT.

3. (*1*) If a building is situated at the side of a street, no portion of the building, except open or balustraded parapets not more than four feet high, shall intersect any of a series of imaginary line drawn across the street at an angle of forty-five degrees with the horizontal, such lines being drawn from the side of the street which is the more remote from the building in question, from a height of two feet above the centre of the street :

Provided as follows —

(*i*) where the said street is joined at an angle by another street facing the building, or where the street in which the building is situated terminates in front of the building, the height of that portion of the building which is opposite the street facing it measured from two feet above the centre of the street, shall in the former case, not exceed the height which would be permissible if the building abutted on or were situated on the side of a street equal in width to the width of the street on which it abuts or on the side of which it is situated *plus* half the width of the street facing it, and in the latter case, the height of the building shall not exceed the height which would be permissible if the building abutted on or were situated on the side of a street one-and-a-half times the width of the street terminating in front of it ;

(*ii*) nothing herein contained shall affect the erection of a four-storeyed building abutting upon, or situated at the side of a street of not less than forty-five feet in width, if such building, including the parapet wall and the plinth, does not exceed fifty-six feet in height ;

(*iii*) nothing herein contained shall affect the erection of a building abutting upon, or situated at the side of, a street of not less than sixty feet in width, if such building does not exceed eighty feet in height ; and

(*iv*) no building exceeding eighty feet in height shall be erected without the special permission of the **Commissioners** who in granting such permission, may impose such conditions as they may think proper for the safety of the public and the safety and convenience of persons occupying the building.

Explanation.—If a building be placed at the edge of the street, its height, measured from two feet above the centre of the street, and excluding parapets as aforesaid, shall not exceed the average width of the street facing the site ; but, if the building or one or more of its storeys be set back, the height of the building may be increased, subject to the condition that no portion of the building, after the height is increased intersects any of the aforesaid lines.

(*2*) In the case of a new building erected on any portion of the site of the whole or part of a building in existence at the **time these provisions come into force in the town of Howrah,** the angle at which the lines referred to in sub-rule (*1*) are to be drawn shall be fifty-six-and-a-half degrees instead of forty-five degrees :

Provided as follows —

(*i*) the height allowed under this sub-rule shall in no case exceed thirty-six feet, and

(*ii*) except with the special permission of the **Commissioners,** nothing contained in this sub-rule shall authorize the erection of a new building so as to make any portion of it higher than any building which at the **time these provisions come into force in the town of Howrah,** was standing on the same portion of the site.

(3) Notwithstanding anything contained in sub-rule (*1*) or sub-rule (*2*), the **Commissioners** may, by

order published in the *Calcutta Gazette*, declare that, in any street or portion of a street, not less than twelve feet in width, which is specified in the order, the erection of two-storeyed buildings not exceeding twenty-eight feet in height excluding two feet for the plinth and excluding open or balustraded parapets not more than four feet high, will be permitted without complying with the requirements of those sub-rules.

(4) If a building is situated on a corner plot so as to abut upon more than one street, the narrower of such streets shall, for the purpose of regulating the height of the building, be deemed to be of the same width as the wider street to a distance of fifty-five feet from such wider street.

(5) Notwithstanding anything contained in sub-rule (1), (2) or (4)—

(a) a building of not more than one storey and not exceeding twelve feet in height (excluding two feet for the plinth) above the centre of the street, and

(b) if, in any street which is less than twelve feet in width, the owner of any building-site abutting on the street makes a free gift to the **Commissioners** of all land comprised within such site, which falls within six feet of the centre line of such street, then a two-storeyed building not more than twenty-eight feet high,

may be erected without complying with the requirements of the said sub-rules.

(6) For the purposes of clause (b) of sub-rule (5) of this rule and of clause (b) of sub-rule (4) of rule 30—

(a) the **Commissioners** may prescribe a centre line for any street which is less than twelve feet in width, and

(b) when such centre line has been prescribed, the side of the street shall, for the purposes of sub-rule (1), be deemed to be an imaginary line drawn six feet from such centre line.

LEVEL OF FLOOR.

4. The floor or lowest floor of every new building erected from the ground-level shall be constructed as such level as will admit of—

(a) the construction of a drain sufficient for the effectual drainage of the building and placed at such level as will admit of the drainage being led into some municipal sewer or drain at the time existing or projected, and

(b) the provision of the requisite communication with some sewer into which the drainage may lawfully be discharged at a point in the upper half of such sewer or with some other means of drainage into which the drainage may lawfully be discharged.

PROVISION OF FIRE-ESCAPES, STAIRCASES AND LIFT IN CERTAIN BUILDINGS.

5. (1) All public buildings and all buildings of the warehouse class, and where the **Commissioners** deem it necessary, all buildings of four or more storeys, shall be provided with adequate means of escape in case of fire, to the satisfaction of the **Commissioners** and shall also be provided with such number of staircases as the **Commissioners** may require.

(2) The **Commissioners** may, by written notice, require the owner of a new building, more than sixty feet in height or comprising four or more storeys, erected after the **date on which these provisions come into force in the town of Howrah,** to provide a lift or some other similar mechanical contrivance for carrying persons from one floor to another.

CERTAIN BUILDINGS NOT TO BE ERECTED WITHIN SIX FEET OF A SERVICE-PRIVY.

6. No new public building or new building which is, or is likely to be used as a dwelling place or a kitchen or as a place in which any person is, or is intended to be, employed in any manufacture, trade or business shall be erected within six feet of any service-privy or service-urinal.

PROHIBITION OF USE OF INFLAMMABLE MATERIALS FOR ROOFS OR EXTERNAL WALLS.

7. (1) External roofs or walls of buildings shall not, after the **date on which these provisions come into force in the town of Howrah,** be made of grass, leaves, mats, canvas or other inflammable materials.

(2) The **Commissioners** may, by written notice, require the owner of any building situated within a distance of thirty feet from any other building, and having at the **date on which these provisions come into force in the town of Howrah,** an external roof or wall made of any such inflammable material to remove or alter such roof or wall.

(3) Sub-rules (1) and (2) shall not apply to bamboo shingle or wood or to any garden hut, orchid house, fernery or other similar structure within a compound, unless in any particular case the **Commissioners** consider any such structure to be dangerous.

Part III.—Masonry buildings generally.

FOUNDATION.

8. (1) Except with the sanction of the **Commissioners,** the foundation of a masonry building shall rest on solid ground.

(2) Except with the sanction of the **Commissioners,** the spread of the foundation shall be such that the pressure on the soil, taking into account the load on the floors and terrace-roof (if any) referred to in rules 15 and 17, shall not be greater than one ton on the square foot.

(3) The levels of the foundation shall be such as the **Commissioners** may consider satisfactory.

PLINTH.

9. The plinth of a masonry building, except in the case of motor garages and coach-houses, shall be at least two feet above the level of the centre of the nearest street :

Provided that the plinth of stables and cow-sheds may be one foot above such level.

FOOTINGS FOR WALLS.

10. Every wall of a masonry building shall be constructed so as to rest upon proper footings having regular offsets and on each side of the wall a horizontal spread (equal on each such side) of not less than one-half the height of the footings, provided that when an adjoining wall interferes the footings may, subject to the provisions of rule 8, sub-rule (2), be omitted, where that wall adjoins.

OUTER WALLS.

there shall be between the buildings an open space extending along the entire length of such side and forming part of the side of the said domestic building :

Provided that attachment of any building to the adjacent building shall not be allowed (except with the permission of the **Commissioners**) in areas declared for the purpose if either of the buildings is a dwelling-house.

(2) The minimum distance across such space from every part of the said domestic building to the boundary line of the land or building immediately opposite such parts shall be—

(a) six feet, if there is a building next to such boundary line or within two feet of it, or

EDUCATION DEPARTMENT.

DARJEELING, THE 6TH JUNE 1930.

RESOLUTION.—No. 567T.Edn.

Minister-in-charge: The Hon'ble Mr. K. Nazim-ud-Din, C.I.E.

By Government Resolution No. 965T.Edn., dated the 26th October 1920, as modified by Resolution No. 275Edn., dated the 8th February 1922, a Selection Committee was appointed to advise Government on the selection of candidates for direct appointment to the Indian Educational Service and Provincial Educational Service (now called the Bengal Educational Service) and certain rules were framed to regulate the selection of candidates and the maintenance of a panel of approved candidates. Since then all recruitment to the Indian Educational Service has been stopped as a result of the decision of the Government of India on the Lee Commission Report and it has been decided to replace that service by a new Superior Educational Service of the provincial grade. In regard to the Bengal Educational Service, in the Appointment Department notification No. 3099A., dated the 22nd March 1928, the Local Government, in exercise of the powers conferred by rule XIIA of the Civil Services (Governors' Provinces) Classification Rules and rule 3 (*2*) (*a*) of the Civil Services (Governors' Provinces) Delegation Rules, 1926, made by the Secretary of State for India in Council under section 96B (*2*) of the Government of India Act, have constituted a permanent Selection Board for Bengal to advise upon the first appointment of officers to Provincial Services and have laid down rules regulating the constitution and function of the Board. Again, in the Appointment Department notification No. 7183A., dated the 22nd May 1930, the Local Government have published certain rules to regulate appointments to Provincial Services, known as the Bengal Provincial Services Recruitment Rules, and these rules require that recruitment to a Provincial Service shall be made on the result of a competitive examination or by promotion or by selection, after consulting the Selection Board. As under the latter rules all first appointments to the Bengal Educational Service, or to the new Superior Educational Service on its constitution will have to be made on the advice of the permanent Selection Board, it is no longer necessary to retain the Selection Committee constituted in 1920 or to maintain a panel of approved candidates for direct appointment to those services. The Government of Bengal (Ministry of Education)

accordingly direct that the Selection Committee be dissolved with effect from the date of this order.

Order.—Ordered that the Resolution be published in the *Calcutta Gazette* for general information.

Ordered also that a copy of the Resolution, be forwarded to the Chairman, and the Members of the Selection Committee and to the Secretary to the Committee for information.

Ordered also that a copy be forwarded to the Director of Public Instruction, Bengal, for information and communication to the Governing Bodies of Government Colleges.

By order of the Government of Bengal
(Ministry of Education),

A. J. DASH,

Secy. to the Govt. of Bengal.

RESOLUTION.

The 4th June 1930.

Rules for the examination of candidates for admission to the Indian Audit and Accounts Service, the Military Accounts Department, the Imperial Customs Service, and the Indian Railway Accounts Service.

No. F./46/VI/Ex.-I/30.—In supersession of this Department Resolutions No. F./24/III/R.II, dated the 2nd May 1929, and No. F./24/IV/R.II, dated the 25th July 1929, the following revised rules, which are liable to alteration from year to year are prescribed for the examination of candidates in India for admission to the Indian Audit and Accounts Service, the Military Accounts Department, the Imperial Customs Service and the Indian Railway Accounts Service.

1. A competitive examination for admission to the Indian Audit and Accounts Service, the Military Accounts Department, the Imperial Customs Service, and the Indian Railway Accounts Service, shall be held in India at such time as the Governor General in Council may direct.

2. The maximum number of candidates to be admitted to the examination may, at the discretion of the Governor General in Council, be limited to such number, not being less than 200, as the Governor General in Council may decide. If the number of candidates exceeds that limit, the Public Service Commission shall select from among the applicants those who shall be admitted to the examination, having regard to the suitability of the applicants for the Services in question.

3. (*i*) A candidate shall apply to be admitted to the examination before such date, and in such form and manner as the Governor General in Council may prescribe.

(*ii*) If a candidate is employed at the date of his application in Government service he shall make application through the head of his Department to the Local Government if he is employed by the Local Government, or to the Government of India if he is employed in a department under the control of the Government of India.

(*iii*) If he is not in such service, he shall apply to the authority of the area in which his parents reside at the time of the application or have previously resided for a period of not less than three years, or in which he has himself resided (otherwise than as a student at a University only) for the like period.

The authority of the area to whom application shall be made, shall, if the application is based on residence in a Governor's province, be the Local Government of that province;* if it is based on residence in Coorg, the North-West Frontier Province, Delhi or Ajmer-Merwara, be the Chief Commissioner concerned, and, if it is based on residence in a State in India, be the Political Officer or Agent through the Durbar.

(*iv*) No candidate shall make more than one application in any year.

4. A candidate must be a male who is either (*i*) a British subject of Indian domicile, who was, and whose father and mother were, born within His Majesty's dominions and allegiance, or (*ii*) a British subject of Indian domicile whose father was at the time of the candidate's birth and still is (or if dead, continued until his death to be) a British subject or a subject of a State in India, or (*iii*) a ruler or a subject of a State in India in respect of whom the Governor General in Council has made a declaration under section 96-A of the Government of India Act.

5. A candidate must have attained the age of 22 and must not have attained the age of 25 on the 1st day of August in the year in which the examination is held, provided that a candidate, over the age of 25 and under the age of 30 on that date, may be admitted to the examination (*a*) if he holds substantively a permanent post under Government and (*b*) if he is recommended by the head of his Department.

6. A candidate must be in a good mental and bodily health and free from any physical defect likely to interfere with the efficient discharge of his duties and a candidate who is found, after examination by a Medical Board, not to satisfy these requirements, will not be accepted for admission to the examination.

7. A candidate must satisfy the Governor General in Council that his character is such as to qualify him for employment in the public service. No candidate who is in the employment of Government will be admitted to the examination unless the report from the head of his Department as to his character and attainments is satisfactory.

8. A candidate must hold a Degree of a University* approved by the Governor General in Council or the Senior Diploma of the Mayo College, Ajmere, or the Government Diploma in Accountancy.

In exceptional cases the Public Service Commission may, on the recommendation of the Local Government, treat, as a qualified candidate, a candidate who, though not possessing any of the foregoing qualifications, has passed examinations conducted by other institutions of a standard which, in the opinion of the Commission, justifies his admission to the examination.

Page 51—Rule 135A.—*Insert* the following as a new Rule under a separate heading:—

Fixation of issue rates of articles of stock so as to include general charges.

Bengal Financial Rule 135A.—The following rules lay down the procedure to be observed in the fixation of issue rates of articles of stock so as to include general charges in the form of a percentage on the actual cost of the articles:—

At the commencement of each year, the Divisional Officer should estimate the total cost of the general services for the year referred to in the entries (*1*) to (*3*) of rule 135 and the total value of the purchases expected to be made during that period and work out the percentage rate which the former bears to the latter. In assigning issue rates in terms of rule 135 the share of the cost of these general services should be included therein at the percentage so arrived at, calculated on the actual cost of the stock article in question, but it should be seen that the issue rate is in no case in excess of the market rate.

2. All charges actually incurred in connection with the general services in question

should in the first instance be grouped under an additional sub-head "general charges," the total at debit of which should at the end of the year be cleared by transferring to the several other (existing) sub-heads of stock, their proportionate share based on the actual debits to each sub-head during the year. The transfer so made will be set off against the profit under the sub-head that would otherwise result from the existing sub-heads being debited only with the actual cost of stock articles (exclusive of the charges for general services) during the year and their issue during the year or valuation at the close of the year made at rates inclusive of the general charges.

3. Charges which are definitely in connection with a particular article of stock, viz., repairs to a lime godown, which should be wholly debited to "lime" or those in connection with a particular sub-head of stock such as the pay of the chowkidar of a timber yard which should go to the sub-head "Timber," should not be accounted for under the new sub-head "General charges."

Orders and Notifications by the Government of India republished for general information.

DEPARTMENT OF EDUCATION, HEALTH AND LANDS.

NOTIFICATION.

H. (G.).

Simla, the 11th June 1930.

No. 1248.—The following draft of certain rules which it is proposed to make in exercise of the powers conferred by sub-section (1) of section 213 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), is published, as required by sub-section (3) of the said section, for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 15th September 1930.

Any objection or suggestion which may be received in respect of the draft before the said date will be considered by the Governor General in Council.

Draft Rules.

1. (1) These rules may be called the Fire Extinguishing Appliances (Pilgrim Ships) Rules, 1930.

(2) They apply to pilgrim ships, and shall come into force on the 1st day of February 1931, from which date rules 11 to 15 of the rules published with the notification of the Government of India in the Home Department No. 1902 (Sanitary), dated the 14th October 1910, shall be cancelled.

Provided that these rules shall not apply, and rules 11 to 15 of the rules published with the said notification shall continue to apply to pilgrim ships with regard to which a certificate of survey was granted before the 1st day of February 1931 under section 136 or section 144 of the Indian Merchant Shipping Act, 1923, while such certificate is in force.

2. In these rules "approved" means approved by the Governor General in Council.

3. (1) *Spaces occupied by passengers and crew.*—On every ship of more than 4,000 tons gross tonnage, at least three, and on every other ship at least two, steam or equivalent pumps shall be available for the spaces occupied by passengers and crew: provided that more than two pumps shall not be required on ships whose keels were laid before the 1st February 1931. Each such pump shall be capable of providing a full supply of water, in accordance with the requirements specified in sub-rule (1) of rule 6, to one or more ranges of water service pipes. The service pipes shall be of metal, with branches so arranged that the fire hoses may be coupled thereto, and two powerful jets of water may be rapidly and simultaneously brought to bear, by means of single lengths of hose from each branch, upon any part of each deck space occupied by passengers or crew, when the water-tight and fire doors are closed. Where the water service is on an exposed deck, the branches necessary to comply with the foregoing requirements shall, in the case of vessels whose keels are laid after the 1st February 1931, be fitted on both sides of the deck.

Provided that the main engine sanitary pump shall be allowed to count as one of the pumps required to be available if it is so fitted as to be capable of serving the purpose of such pump.

(2) Every ship shall carry an efficient portable hand pump with suction and hose complete.

(3) Portable chemical fire extinguishers of an approved pattern shall be carried in every compartment wherein passengers and crew are accommodated. There shall be two extinguishers in each such compartment, and when passengers are carried in enclosed spaces above the upper deck, there shall be at least one extinguisher on each side of such spaces at intervals of not more than 60 feet.

4. *Cargo spaces.*—(1) In every ship arrangements shall be made whereby two powerful jets of water may be rapidly and simultaneously directed into any cargo compartment, and, save in the case of a ship of less than 1,000 tons gross tonnage, satisfactory means shall also be provided whereby steam or other gas incapable of supporting combustion may be conveyed to each such compartment.

5. (1) *Machinery and bunker spaces.* Arrangements shall be made in ships which use coal as fuel whereby two powerful jets of water can be rapidly and simultaneously directed into any part of the coal bunker spaces, boiler rooms and machinery spaces.

(2) In ships in which the main boilers are oil fired the following additional arrangements shall be made:—

(*a*) The fire hoses in the machinery spaces shall be provided with additional conductors suitable for spraying water on oil without undue disturbance of the surface.

(*b*) In each firing space there shall be placed a receptacle containing 10 cubic feet of sand, sawdust impregnated with soda, or other approved dry material; and scoops for distributing the same.

(*c*) In each boiler room, and in each of the machinery spaces in which a part of the oil fuel installation is situated, there shall be provided two approved portable chemical extinguishers of a type discharging froth or other approved medium suitable for quenching oil fires.

(*d*) Means shall be provided whereby froth may be rapidly discharged and distributed over the whole of the lower parts of any boiler room, or of any machinery space in which oil fuel units or settling tanks may be situated. The quantity of froth which can be discharged should be amply sufficient to cover up to a depth of 6 inches the whole area of the plating formed in any one compartment by the inner bottom plating, or by the shell plating of the vessel if there is no double bottom tank. If the engine and boiler rooms are not entirely separate, and fuel oil can drain from the boiler room bilges into the engine room, the combined engine and boiler rooms shall be treated as one compartment. Provided that if other effective means are available for combating fire and the apparatus can be controlled from outside the compartment in which fire may occur, the Governor General in Council may exempt from the requirements of this clause ships whose keels were laid before the 1st February 1931 on which it would not be reasonable to require the fitting of large froth installations.

(*e*) There shall further be provided one extinguisher of at least 30 gallons capacity in ships having one boiler room, and two such extinguishers in ships with more than one boiler room. These extinguishers shall be provided with hoses on reels suitable for reaching any part of the boiler rooms and spaces containing oil fuel pumping units. Provided that the Governor General in Council may permit the fitting of any other equally efficient apparatus in place of the 30 gallons extinguisher.

(*f*) All containers and valves by which they are operated shall be easily accessible and so placed that they will not readily be cut off from use in case of fire.

6. (1) *Pumps.*—In all ships each of the steam or equivalent pumps shall be capable of supplying simultaneously two powerful jets of water for use in any part of the vessel. The pumps shall be worked by steam or by some other equally efficient motive power, and shall always be available for immediate use at all reasonable times when the vessel is in commission.

(2) All steam or equivalent pumps shall be provided with effective escape valves suitably adjusted and so placed as to prevent excessive pressure in any part of the water service system.

7. *Water service pipes.*—The main water service pipes shall be made of wrought material, and, if of iron or steel, shall, in the case of vessels whose keels were laid after the 1st February 1931, be galvanised. They shall be sufficiently large in diameter for the adequate supply of water to the fire hoses which shall be secured to them for simultaneous operation. The branches shall be so placed that the fire hoses may be conveniently coupled to them, and cocks or valves shall be fitted where required to admit of any hose being removed, if desired, while the pumps are at work.

8. (1) *Fire hoses.*—The fire hoses shall be of leather, seamless hemp, flax canvas of first-class quality, or other approved material. They shall be provided with suitable metal unions and conductors, and with goose-neck connections where necessary.

(2) A sufficient number of fire hoses with attachments and conductors shall be suitably distributed about different decks in the ship so as to be readily available for rapid use in any space occupied by passengers or crew, and not less than three hoses and attachments shall be provided in any vessel.

(3) The fire hoses and the conductors, and other apparatus referred to in sub-rules (1) and (2), together with coupling wrenches if required, shall be kept ready for use in conspicuous positions near the water service hydrants or connections. They shall be used only for the purposes of extinguishing fires or for testing the fire extinguishing apparatus at fire drills and surveys, and not for washing decks.

9. *Arrangements for injecting steam or other gas into cargo spaces and boiler rooms.*—Where provision is made for the injection of steam or other gas into the cargo spaces and boiler rooms for fire extinguishing purposes the necessary pipes for conveying the steam or gas to holds or other compartments shall be provided with controlling valves or cocks readily accessible from the deck and so marked as to indicate clearly the compartments to which the pipes are respectively led. Suitable provision shall be made for locking these valves or cocks so as to prevent inadvertent admission of the steam or gas to any compartment. If any pipe is led to a space to which passengers have access, it shall be furnished with an additional stop valve or cock also capable of being locked. Provided that the Governor General in Council may permit the substitution of any other equally efficient safety device giving the requisite security from danger.

10. (1) *Fluid fire extinguishers.*—A sufficient number of approved portable fluid fire extinguishers discharging water shall be provided in accordance with the requirements of rules 3 and 5. For ordinary purposes not specifically referred to in these rules, the capacity of *portable* extinguishers shall be not more than three imperial gallons, and not less than two imperial gallons, provided the Governor General in Council may, in his discretion, permit the use of an extinguisher of less than two gallons capacity in special circumstances.

(2) An approved type of portable extinguisher discharging a medium other than water may in the case of not more than 20 per cent. of the total number of extinguishers required to be carried be substituted for the ordinary water-discharging extinguisher.

(3) The portable hand fluid fire extinguishers (apart from those supplied in boiler rooms, etc., specially for use in connection with oil fuel) shall not be of more than two types in any one ship.

(4) All extinguishers, whether portable or otherwise, shall be placed in positions where they are readily accessible.

11. *Smoke helmets and safety lamps.*—At least two smoke helmets and two safety lamps of approved types shall be included in the fire extinguishing equipment of every vessel and the helmets shall be stowed separately. The members of the crew shall be practised regularly in their use.

12. *Emergency appliances.*—The necessary emergency fire appliances such as knives, axes, and crowbars, shall be kept in a place readily accessible at all times from different parts of the ship.

13. *Fire drill.*—Fire drill shall be observed at least once a week on board all vessels and during such drill all fire appliances shall be put into use and the fact entered in the Log Book. The great utility of woollen or asbestos blankets for smothering small fires shall always be impressed on all persons taking part in a fire drill.

14. (1) *Custody of fire apparatus and fire patrol.*—The fire apparatus shall be placed by the master under the special charge of one of the principal officers of the ship and of the ship's carpenter, who shall both be held responsible that the apparatus is kept in a state fit for immediate use. As soon as possible after leaving port, the officers and crew shall be divided into parties and assigned to stations in case of fire.

(2) A continuous patrol system shall be organised so that any outbreak of fire may be promptly detected.

15. (1) *Stowage of cargo and disposal of inflammables.*—The cargo of every ship shall, before she leaves port, be properly stowed away and the decks shall be cleared of any loose straw hay and other inflammable material. Any goods which are dangerous by reason of their inflammability or liability to explosion shall be stowed, subject to the provisions of any law or rules in force, in such manner as to safeguard the ship from danger of fire or explosion. The tanks of motor cars carried on the ship shall be drained before loading.

(2) Before a ship leaves port, every passenger shall deliver up any lucifer matches, gun-powder or other inflammable article in his possession.

16. *Use of naked lights and spirits.*—Naked lights shall not be used in the holds or store rooms or between decks, except under trustworthy superintendence. No person shall read in bed with a naked light. Casks or drums containing spirit shall not be opened in the hold but shall be hoisted on deck for the purpose.

17. In the case of a small vessel under 200 feet in length when it is shown to be unreasonable to require full compliance with any of the provisions of these rules, such relaxation shall be granted as the Governor General in Council may, having regard to all the circumstances of the case, direct.

Penalty.

18. Whoever does any act in contravention of any of the provisions of these rules shall be punishable with fine which may extend to two hundred rupees.

In making these appointments he will act with the advice of a Selection Committee, including at least one eminent representative of the Engineering profession. The Selection Committee will probably sit in July.

2. Applications must be made on a printed form, which may be obtained from the Secretary, Services and General Department, India Office, Whitehall, S.W. 1, and should reach the India Office not later than 30th June 1930.

3. Candidates must have attained the age of 21 and not attained the age of 24 years on the 1st January 1930.

4. Except as stated in the note on paragraph 1 hereof every candidate must be a European British subject of non-Asiatic domicile, and if he or his father or his mother was not born within His Majesty's Dominions and allegiance, the father must at the time of the candidate's birth have been a British subject and still be (or have continued to be until his death) a British subject. The decision of the Secretary of State in Council whether a candidate satisfies these conditions shall be final. A candidate must also be of good moral character and sound bodily health and in the opinion of the Secretary of State for India in Council, in all respects suitable to hold an appointment in the Indian Public Works Department.

Candidates must produce evidence that they have either (1) obtained one of the University degrees mentioned in Appendix I; or (2) passed Sections A and B of the A.M.I.C.E. examination; or (3) passed the Associateship in Engineering of the City and Guilds Institute (Imperial College of Science and Technology, South Kensington); or (4) obtained such other diploma or distinction in Engineering as the Secretary of State may decide to accept in any particular case. It is preferred that candidates should have taken a college course and obtained one of the degrees mentioned in Appendix I. They should in addition have had about a year's approved practical experience of Engineering.† Those whose qualifying diploma has been obtained without a college course should have had about three years of such practical experience.

---

* Of these nine appointments, one will be allotted to a Burman candidate if one presents himself and is found qualified. Such a candidate, if selected, will be appointed to the India-recruited Branch of the Department in Burma on the usual terms and conditions applicable to that Branch. Separate Regulations showing the terms applicable to this appointment will be issued to Burman candidates on application.

† Applications for these posts will be accepted provisionally from candidates who will be able to complete the year's practical experience before they are required to proceed to India.

6. Selected candidates will be required to undergo further training on works in India for a period of at least one year. During this period they will be on probation and their final appointment will be made dependent upon the result of such probation.

7. Candidates must be prepared, if called upon, to attend at the India Office for a personal interview with the Selection Committee. Their railway fares in this country for the purpose will be paid by the India Office.

8. Selected candidates will further be required, before final appointment by the Secretary of State in Council, to appear before the Medical Board at the India Office for examination as to their physical fitness for service in India.

*9. They will also be required to satisfy the Secretary of State of their ability to ride.

10. They will on appointment be provided with a free first-class passage to India and will be expected to proceed thither as soon after the middle of September as can be arranged.

If they so desire, they will be able to obtain an advance of two months' pay, recoverable by monthly instalments of one-third of salary. Of this advance a portion not exceeding one-half may be drawn in England.

12. Candidates will enter the service as Assistant Executive Engineers on a salary, including overseas pay, of Rs. 6,300 a year. Service for increments and for pension will count from the date of landing in India (subject as aforesaid).

13. The instruments required by Assistant Executive Engineers are supplied to them in India.

14. Particulars as to pay, pension, etc., are contained in Appendices III, IV, and V.

Appendix IV.

(*See* paragraph 14 of the Regulations.)

NOTE.—This Appendix is merely intended to show the principal leave rules in the Fundamental Rules and the Pension Rules at present applicable to Engineers appointed to the Indian Services from the United Kingdom without going into minute details, and does not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Fundamental Rules or Civil Service Regulations for the time being.

LEAVE.

(The following rules apply only to officers of non-Asiatic domicile.)

1. Leave is calculated in terms of "leave on average pay," and the amount of "leave on average pay" which an officer earns is five twenty-seconds of the period spent on duty.

2. Subject to certain maxima and minima and to the limitations noted below, an officer may draw, at his option, leave salary equal to the average pay of the last 12 months of completed duty or to half such average pay. All leave on average pay and half the period on half average pay is counted against the leave earned. An officer may take his leave on average pay, on half average pay, or on a combination of the two, provided that his continuous absence from duty does not exceed 28 months, and that the amount of leave taken on average pay does not exceed eight months at any one time. The maximum amount of leave admissible during an officer's career, expressed in terms of leave on average pay, is three years plus one-eleventh of the period spent on duty, of which not more than one year plus one-eleventh of the period spent on duty may actually consist of leave on average pay. Leave not due and carrying half average pay may be granted on medical certificate, and, within certain limits, for other reasons, but an officer will not again commence to earn leave until the expiration of a fresh period of duty sufficient to earn a credit of leave equal to the leave he has taken before it was due. After 28 months' absence from duty an officer draws quarter average salary, subject to certain maxima and minima.

3. Leave salary is ordinarily payable in rupees if the officer spends his leave in Asia, and in sterling if he spends it elsewhere.

4. It should be noted that leave can never be claimed as of right, but is given or refused at the discretion of Government.

PENSIONS.

5. The following is a summary of the pension rules applicable to Engineers appointed to the Indian Services by the Secretary of State from the United Kingdom.

Ordinary Pensions.

6. Subject to the absolute right, which will not ordinarily be exercised, of the Government of India to decline to permit any officer to retire before reaching the age for superannuation, should it be necessary in the public interest to retain his services, officers will be allowed to retire optionally after 20 or more years' qualifying service.

7. An officer is entitled to superannuation pension on attaining the age of 55 years, when retirement is ordinarily required, or on retirement thereafter. (An officer is sometimes, for special reasons, retained after attaining the age of 55 years.)

8. The rates of retiring and superannuation pension are 30/60ths of average emoluments, subject to the following maxima:—

Completed years of qualifying Service.	Maximum Limit of Pension.
	Rs.
20—24	... 4,000 per annum.
25	... 6,000 ,,
26	... 6,200 ,,
27	... 6,400 ,,
28	... 6,600 ,,
29	... 6,800 ,,
30	... 7,000 ,,

9. Government may retire any officer after he has completed 25 years' service without giving reasons, and without any claim for compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated

on a scale not exceeding that laid down above. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

10. An officer who is compelled to retire through ill-health not occasioned by irregular or intemperate habits will be eligible for invalid gratuity or pension as follows:—

(*a*) After qualifying service of less than 7 years a gratuity not exceeding one month's emoluments for each completed year of service (except in special cases and under the orders of the Government of India, who may sanction a maximum of 12 months' emoluments). If the emoluments of the officer have been reduced during the last three years of his service, otherwise than as a penalty, average emoluments may, at the discretion of the authority which has power to sanction the gratuity, be substituted for emoluments.

(*b*) After a service of not less than 7 years, a pension not exceeding the following amounts:—

Completed years of qualifying Service.	Scale of Pension.	Maximum.
		Rs.
7	7 sixtieths of average emoluments	2,000 per annum.
8	8 „ „	2,350 „

28	30 „ „	6,600 „
29	30 „ „	6,800 „
30 and above	30 „ „	7,000 „

Average emoluments are calculated over the last three years of service.

Pensions drawn in this country are converted into sterling at a privileged rate of exchange of 1*s.* 9*d.* the rupee.

Additional Pensions.

11. The Government of India have classified certain high appointments into two grades, the lower comprising those posts which involve high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity. Officers who have held appointments listed in the lower grade may be granted an additional pension at the rate of Rs. 300 for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade. Officers who have held appointments listed in the upper grade may be granted an additional pension at the rate of Rs. 500 for each completed year of effective service rendered in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

12. These additional pensions will be subject to the condition that the service in the appointment in question has been approved by Government, and that an officer must, in the event of voluntary retirement, have completed 28 years' qualifying service.

The upper grade includes the Consulting Engineer to the Government of India and Chief Engineers of the Indian Service of Engineers.

The lower grade includes Superintending Engineers, Indian Service of Engineers.

PROVIDENT FUND.

13. A General Provident Fund, to which subscription is compulsory, has also been established on the following basis:—

(1) Subscription is compulsory up to 6½ per cent. of pay, with voluntary subscription of not more than a further 9⅜ per cent., but the amount of the compulsory subscription is reduced by the amount of the subscription to the Superior Services (India) Family Pension Fund. Subscriptions during leave of any kind are optional.

(2) Compound interest on such payments is annually credited by Government to each officer subscribing.

(3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on his quitting the Service; or, in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.

THE SUPERIOR SERVICES (INDIA) FAMILY PENSION FUND.

The Superior Services (India) Family Pension Fund (inaugurated 1st September 1928) has been instituted to make provision for the widows and orphans of European and Anglo-Indian members of the Superior Civil Services in India other than the Indian Civil Service.

Subscriptions, which are compulsory for such officers, are payable, normally, for a period of 25 years commencing in the first year at £1 13*s.* 4*d.* a month and rising each year by 3*s.* 4*d.* a month to £4 16*s.* 8*d.* a month in the twentieth and subsequent years.

The benefits secured by these payments are as follows:—

To a widow:—

£200 a year with a gratuity of £200 on the death of the subscriber.

To children:—

	Birth to age 6.	Age 6 to 12.	Age 12 to 21.	Age 12 until marriage.
	£	£	£	£
Sons ...	30	45	60	—
Daughters	30	45	—	60

with a gratuity on the death of the subscriber of one year's pension at the rate appropriate to the then age of the child as specified above.

The Fund also has a Voluntary Section under which subscribers, on making the appropriate additional payments, may secure enhanced benefits up to the following maxima, which include the benefits provided under the Compulsory Section:—

To a widow:—£300 a year with a gratuity of one year's pension on the death of the subscriber.

To a child:—Over the age of 12, £100; from age 6 to age 12, £75; from birth to age 6, £50.

Appendix V.

PASSAGE RULES.

(The arrangements herein described are subject to the provisions of the authorised text of the rules relating to the grant of Passages.)

The maximum benefits to which an officer will be entitled will be passages of a total value equal to the cost of the number of the passages between Bombay and London by P. and O., 1st Class B, shown below:—

(*a*) For the officer himself, four return passages.

(*b*) For his wife, the number of return passages shown in the following scale:—

Officer's length of service at date of marriage.	Number of return passages.
Less than 7 years	4

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 17th June 1930.

Monthly Weather and Crop Report of Bengal for May 1930.

I. **Character of the season.** During the month under review, the rainfall was above the average in six districts only, while in the rest of the Presidency it was in defect.

The usual rainfall statement is appended.

II. **Progress of agricultural operations.** Sowings of jute and autumn paddy were completed in East and parts of North Bengal, while in West Bengal the progress of the operations was a little slow in places for want of adequate rain. Weeding of autumn crops was proceeding briskly in East and North Bengal. Ploughing of fields for transplanted winter paddy continued.

III. **State of standing crops.** The standing crops generally thrived well in East and North Bengal, while in parts of West Bengal more rain was needed to help their growth.

IV. **Prospects and probable outturn.** The prospects of standing autumn crops and deep-water paddy were reported to be generally promising.

V. **Damage to standing crops.** During the first week of the month excessive rain and hail-storm were reported to have caused damage in places of Dacca, Faridpur and Chittagong.

VI. **Condition of agricultural stock.** The condition of live-stock was reported to be generally fair. Stray cases of cattle-disease, however, were reported from eleven districts of the Presidency and from the States of Cooch Behar and Tripura.

VII. **Failure of pasturage and fodder.** The supply of fodder was reported to be sufficient throughout the Presidency.

VIII. **Prices of food-grains.** During the second fortnight of the month, the retail price of common rice of the cheapest quality rose in nine districts, fell in five and remained stationary in the rest of the Presidency. The prices ranged from 5 seers per rupee in the 24-Parganas to 9½ seers in Burdwan.

IX. **Condition of agricultural population.** The condition of agricultural population continued to be fair on the whole.

RESOLUTION ON THE ANNUAL REPORT OF THE BENGAL SMOKE NUISANCES COMMISSION FOR THE YEAR 1929.

GOVERNMENT OF BENGAL.

Commerce Department.

DARJEELING, THE 13TH JUNE 1930.

RESOLUTION—No. 990 T.Com.

Read—

The Annual Report of the Bengal Smoke Nuisances Commission for the year 1929.

The report records further progress in the work of reducing a serious menace to health in Calcutta, and at the same time promoting a great saving in real wealth by the elimination of waste and by economy of fuel.

The increase in cases observed and inspections and tests made, and the reduction of black smoke to the lowest figure yet recorded, coupled with a decrease in the number of statutory warnings issued and the entire absence of prosecutions for four years testifies to the fact that the progress recorded has been made in co-operation with the interests concerned, and the report itself is eloquent of the enthusiasm that has underlain the work.

The Commission have recently placed before Government proposals for increasing the sphere of their activities: these proposals are being carefully considered by Government, and it is hoped that the bodies whose interests are affected by them will recognize the extent of the progress made and the value of the work.

The thanks of the Governor in Council are due to the members of the Commission as well as to Mr. John Robson, Chief Inspector and Secretary, and his assistants, for a successful year's work.

Ordered—That the resolution be published in the *Calcutta Gazette*.

Ordered—That a copy of the resolution be forwarded to the Chief Inspector and Secretary, Bengal Smoke Nuisances Commission, for information.

By order of the Governor in Council,

E. N. BLANDY,

Secy. to the Govt. of Bengal.

RESOLUTION ON THE SURGEON-GENERAL'S REPORT ON THE WORKING OF HOSPITALS AND DISPENSARIES FOR THE THREE YEARS 1926-1928.

DARJEELING, THE 14TH JUNE 1930.

RESOLUTION No. 356 T.—Medl.

Minister-in-charge: The Hon'ble Kumar Shib Shekhareswar Ray.

This Resolution deals with the Surgeon-General's Report on the working of hospitals and dispensaries for the three years, 1926-1928, including State institutions and all aided and recognized institutions. The statistics do not, however, comprise certain small rural dispensaries which have not yet been brought on to the classified list.

Part I.

Calcutta Hospitals and Dispensaries.—A small but welcome increase in hospital accommodation in Calcutta, which falls far short of the needs of the city, was provided by the opening of the Chittaranjan Hospital with 56 beds and the Baldeo Das Maternity Home with 30 beds, and by the addition of 86 beds to the Medical College Hospital and 45 beds to the Howrah General Hospital.

Attendance and Admissions.—The total number of indoor patients treated during the three years was 149,209 with a rise from 46,653 in 1926 to over 51,000 in 1927, at which the level remained stationary. The total increase of in-patients over the previous three years was 19,447. The total number of out-patients treated during the three years was 1,087,411 with much the same annual curve as that of in-patients, but an increase of nearly 375,000 over the total for the previous three years. The disparity of proportionate increase in out-patients and in-patients is significant, the out-patient departments naturally expanding more easily to meet an increased demand; and the statistics taken together afford some index of the degree in which the increase of beds lags behind the growing popularity of the hospitals.

The Nursing Services at the Medical College Hospital and the Presidency General Hospital were conducted by the Calcutta Hospital Nurses Institution with the aid of a grant from Government. The pressure on the nursing staff at the former institution has increased considerably with the addition of honorary surgeons and physicians to the staff. There are a few nurses at other State hospitals in Calcutta, but the Campbell Hospital suffers particularly from the inadequacy of the nursing staff. Indian nurses are employed at the Sambhu Nath Pandit Hospital, but it was not found possible during the period under review to recruit the right type of candidates for Indian nurses of the higher grade at State hospitals. The recruitment of Indian nurses of the higher class, and the possibility of training a male nursing service for State hospitals are problems at present occupying the attention of Government.

An outstanding feature of hospital finances in Calcutta taken as a whole is the high proportion of the cost of providing hospital facilities for the city which is borne by Government. The total income of State, local fund and aided institutions during the three years, amounted to Rs. 97,49,806, an increase of nearly ten lakhs over that for the previous three years; and of this total the sum of Rs. 59,79,144 or over 60 per cent. was derived from payments and contributions by Government.

Municipal contributions amounted to Rs. 7,62,161 of which however Rs. 3,00,000 went back in payments by Government to the Calcutta Corporation on account of rates for State hospitals, only the Gobra Leper Asylum having been exempted from this charge.

Subscriptions and donations for the period in question are returned at Rs. 4,52,598, a figure which even though it excludes the proceeds of certain endowments is a disappointing measure of support by public charity to medical relief. The total cost of maintenance of hospitals of all three classes in Calcutta, excluding investments, was Rs. 92,53,047 as against Rs. 83,96,705 in the previous three years.

Part II.

District Hospitals and Dispensaries.—The total number of hospitals and dispensaries outside Calcutta at the end of 1928 was 1,114, exclusive of 54 homœopathic, 13 Ayurvedic and 6 Unani dispensaries; and the total number of hospital beds available for the rural population, including those at Dacca and Darjeeling, but not at Howrah, was 5,553. These figures represent an increase of 82 institutions and 244 beds over the position at the end of 1925. They do not include a few temporary dispensaries established for special purposes.

Attendance.—There the same evidence of the growing popularity of hospitals outside Calcutta as in Calcutta. The total number of patients treated during the three years was 23,775,000, an increase of more than two millions over the figures for the years 1923-1925. The ratio of 12 per cent. in the increase in the number of in-patients outside Calcutta however (from 199,112 to 226,597) actually exceeds the ratio in the increase of out-patients (below 10 per cent.) and this feature goes to confirm the impression which statistics for occupation of rural hospitals would suggest, that the accommodation available gives greater scope for meeting the actual demand for beds than in Calcutta. This demand of course itself falls far short of the number of patients who would benefit from hospital treatment but are unwilling to seek this relief. The Mitford Hospital at Dacca as usual takes a predominant part in the figures for in-patients.

Nursing.—The Surgeon-General mentions local arrangements made for nursing at various district hospitals; but if the nursing is defective even at some of the Calcutta hospitals the position in the interior is far worse. The Mitford Hospital in Dacca seems in fact to be the only institution which has a properly organized nursing staff; and even this is recognized to be inadequate for the size of the hospital.

Finances.—The extremely varied character of hospitals and dispensaries outside Calcutta makes it difficult to discuss their finances briefly to much purpose. The income of all hospitals in the province outside Calcutta and Howrah during the three years was Rs. 69,90,859. This figure is seven lakhs above the income of the previous three years but remains less than 75 per cent. of that received by hospitals serving the population of these two towns alone. Payments and contributions by the State included in this income amounted to Rs. 11,03,254 (exclusive of normal maintenance charges of Public Works Department buildings) or 15·78 per cent. of the total.

It is to be remembered that with the exception of Dacca, hospitals at district headquarters are local fund or aided hospitals and not State institutions.

Diseases.—The statistics of the most important diseases are discussed with reference to the figures for annual mortality in the Resolution on Public Health. It will be enough to mention in the present Resolution that the Surgeon-General, approaching the question from independent medical statistics, has reached the same opinion as the Director of Public Health about the decrease in kala-azar. The number of patients attended for this disease at dispensaries fell from 104,648 in 1925 to 65,829 in 1928, a year in which the grant for kala-azar still stood at its maximum figure, and no question had therefore arisen of diminishing facilities for treatment where required.

Medical Schools.—Preparations were in progress for the establishment of medical schools at Jalpaiguri, Chittagong and Barisal, and in other district headquarters which will, it is hoped, lead to the opening of these in the year 1930 and subsequent years. Private medical schools opened during the years 1925-1928 were the Calcutta Medical School, the National Medical Institute and the Bankura Medical School, and the two former have received grants from Government. The problems of the future in medical education are- firstly, to ensure that the hospital attached to each medical school is adequate in all respects for clinical training, and secondly, to open avenues to employment through which the increasing number of qualified practitioners can find scope for their services in providing the medical relief which the province so badly needs.

General remarks.—The attention of the Government has been drawn to the inadequacy of the staff of the State institutions and hospitals. To maintain them as model institutions, the Government have, however, been very cautious in giving effect to the orders passed by the Secretary of State for India on the recommendations of the Lee Commission. The retirement of several officers and the necessity of posting some of them to the Civil Surgeoncies, specially reserved for them, have made it incumbent on the Government to explore other avenues for finding suitable recruits for the important posts in the State institutions, now no longer reserved for I M S officers; and it is a matter of gratification that suitable materials are generally available both in the Provincial Medical Service and among the independent medical profession in Bengal.
